

## a botanic wonderland

From the treasured cycads, a species as old as the dinosaurs, to the exotic fynbos, indigenous to the South African floral kingdom, the DeKraal estate is a true paradise of botanic wonders.

## for garden fanatics & the casual enthusiast

Stroll through DeKraal's lush botanic haven and you will experience an exotic exhibit of nature. A mélange of sight, sound and smell that will captivate your senses. See the dramatic display of colors, hear the gentle rustle of the leaves in the evening breeze, and smell the fresh scent of the earth. A stimulating experience that will captivate everyone from the garden fanatic to the casual enthusiast.
